Dear Reijo,

as a backup- here the essentials from our earlier Phone conversation:

1. AUSTRIA:

- technical and tactical spec's are ready
- Minister has confirmed it will be a limited tender (PATRIA, SSF)
- I have also introduced OTO Hitrole
- Minister is aware of our the favourable offer in connection with ÖBB
- We expect tender to be launched after summer holidays, in second half of August or early September
- SSF is spreading the rumour that PATRIA and Mr. Riedl have separated

2. PORTUGAL:

- internal GDLS papers claim that SSF's Contract has come into force because the "Veto-period" of the budget bureau has elapsed

3. CROATIA:

- we expect the decision to be made in August
- MoD and DD rate PATRIA as number 1
- Met with Gen.Z on Saturday: Naval Institute ranks OTO as number 1 turret supplier, OTO also favoured by MoD and Prime Minister
- DD and MoD will have project meetings today and tomorrow and Mr. J will meet with WW on Wednesday in order to report
- SSF visited DD on June 1st, they also wanted to talk to the ministry but those meetings were cancelled
- Beginning of July, SSF was supposed to hold firing demos in Austria, for the Croatian team, but this event was also cancelled
- Austrian State President has definitely not intervened at his friend MESIC

4. SLOVENIA:

- I have met with WW and he will meet Dr. Z today to receive latest news
- PM Jansa was here in Vienna on an official visit but the project was not a subject
- Jure claims to have important news, I shall tell him to call you
- We expect the tender for the first 25 units within the next days
- Dr. Z will inform us via WW of the most favoured local partner in 8 days from now

5. TAIWAN/UDLP:

- I suggest to hold a meeting in Finland after my return from Thailand, so that we can have common understanding about what PATRIA wants me to do.

6. THAILAND:

- I shall have meetings with the Army (RTA) and Marine Corps (RTMC) to see where we stand with the projects.
- On Thursday 09:30 I have a project meeting with the PM at the Government house.
- Shall be back on Saturday June 11th, to Vienna
